

Group Tutoring Information '24-'25

Illuminate

Illuminate programs offer small groups of up to ten students the opportunity to receive professional support for a single session or weekly for one or two months.

Illuminate for 2-4

Illuminate is perfect for students who would like assistance preparing for a single test or exam, or who would like weekly support for homework or problem set completion! One person must be the contact for the group who handles scheduling. All students in the group must have made the purchase before the first session can be booked. All prices are PER PERSON.

How It Works

01.

Book Your Free Needs Assessment

Click the Book Now button below to schedule your complimentary 30-min Needs Assessment. Add group members as guests. Check your email for the call details provided with confirmation.

02.

Discuss Your Concerns

We'll get acquainted, then parents along with their students will share with me their concerns, challenges, and goals for tutoring. The group will need to select one member as the contact person.

03.

Discuss Your Options

I'll recommend a program in the call, and your group can discuss which program best meets your needs. You are welcome to begin with a single session, then select a package later.

04.

Choose A Package & Enroll

Once you've chosen the program that fits your needs, enroll by digitally signing a contract for your chosen package and paying the invoice. All members must sign and pay to begin sessions.

05.

Receive Expert Guidance

During your first session, the group and I will work together on a recent assignment using a private online whiteboard just for your group's use, provided after enrollment is complete.

06.

Receive Professional Support

Whether you've chosen a flexible package or short- or long-term weekly support, you can look forward to feeling confident and being successful learning physics!

Frequently Asked Questions

01.

Q: How do I purchase my package?

A: Email me to let me know which package you'd like to purchase. I will send you an enrollment contract, followed by an invoice for the payment plan selected. Upon payment, I will create your contact person's membership account for my website and provide them with credentials to log in for scheduling.

02.

Q: How do I schedule my sessions?

A: Upon completed purchase, your contact person will be provided with a special booking link to my online calendar that's unique to your program. You can also access the link through your members area on my site. You can book all of your sessions at once if you'd like to work on the same day at the same time, or you can book each week according to mutual availability.

03.

Q: What if I can't make my scheduled session?

A: If it's more than 24 hours before your session, the contact person can simply use the cancellation and/or rescheduling links provided in your confirmation email. If it's within 24 hours before your session, please email me to cancel.

04.

Q: What's your cancellation policy?

A: A group can cancel or no-show within 24 hours with no penalty once in each month of Illuminate packages. Each subsequent occurrence results in a one-session deduction from your package.

05.

Q: Will you refund any unused sessions in my package?

A: I do not offer refunds. Please choose carefully when selecting a package that meets your anticipated needs.
